

# *Colorado State College*

Greeley, Colorado

1959 SUMMER BULLETIN

ABOVE — The nearby Rocky Mountains serve as an outdoor laboratory for a geology class from CSC. Several college science classes take field trips to the Rockies to study topography, minerals, and rock formations.

FRONT COVER photo shows the circle of graduates and faculty members following the May commencement at Colorado State College. The summer commencement is a duplicate of this except the scene is illuminated with powerful floodlights. Cranford Hall is in the background of the picture.

BELOW — A scene from Hamlet, a 1958 summer production of CSC's noted Little Theatre of the Rockies. The Little Theatre presents six plays each summer in the modern theater in Frasier Hall. In this scene Hamlet is shown with Gertrude, Queen of Denmark.

SUMMER at Colorado State College offers high school graduates, college students, teachers and school administrators opportunities for stimulating study at one of the nation's leading teacher-training institutions. Four hundred and thirty-six courses will be taught in the Summer Sessions by an outstanding resident faculty and by nationally known guest instructors. In addition to quality instruction, summer in Greeley offers vacation opportunities in the beautiful northern Colorado recreation area or in the many planned campus activities. Plan to attend.

## COLORADO STATE COLLEGE BULLETIN

Entered as second class matter at the post office at Greeley, Colorado, under the act of August 24, 1912. Bulletin Series LIX, No. 1, January, 1959. Published monthly.

# Pre-Session

June 15 - June 25

The Pre-Session will be held from June 15 to 25, an eleven-day period for workshops, conferences and classes. Ten class meetings are required during this time. Three quarter hours of credit may be earned.

*Registration . . .* Pre-Session students will register from 8 to 11 a.m., Monday, June 15. Late registration is not permitted.

# Summer Session

June 27 - August 21

The Summer Session will be held from June 27 to August 21. A maximum of 12 quarter hours of credit may be earned. Many courses are split, so it is possible to attend the first four weeks of the Summer Session and earn up to six quarter hours of credit, or attend the second four weeks and earn up to six quarter hours of credit, or students may enroll for any two-week period of the Summer Session (the 7-8-9 Conference) and earn two quarter hours of credit for each two-week period. Students carrying a full course load may audit added courses up to four quarter hours in addition to the normal load without an additional charge.

*Registration . . .* Those students enrolling for the entire session or for the first four weeks of the session will register Saturday, June 27, as follows: graduates, 8 to 11:30 a.m.; undergraduates, 1 to 4 p.m. Students who register after June 27 will be assessed a \$5.00 late registration fee. No registration is permitted after the first week of Summer Session.

## Registration Procedures

Students registering for Pre-Session and for Summer Session at the dates and times indicated above will proceed as follows: (1) Secure and complete registration materials in the Student Union Ballroom; (2) Confer with advisers or major professors and get approval of course program in main gymnasium of Gunter Hall, then leave Gunter through small west gymnasium where registration materials are checked; (3) Pay tuition, fees, and board and room charges at the Accounting Office on the ground floor in the southeast wing of Frasier Hall.

Students only enrolling for any of the two-week 7-8-9 Conference courses or for the second half of the Summer Session will register at the Records Office, Frasier 126, before attending any classes.

## Graduation

Graduation will be held at 7 p.m., Thursday, August 20, in the Garden Theatre. Final examinations for those not graduating will be held Friday, August 21.

- The CSC campus is noted for its shade trees and spacious walks.

Year after year Colorado State College is looked to as a recognized leader in training teachers and administrators for America's schools. The college has maintained this leadership by consistently offering a balanced curriculum of up-to-date courses taught by outstanding college teachers.

Some examples of this leadership which are features of the 1959 Summer Sessions at Colorado State College are listed below.

- **Flexible Course Program.** It is possible to earn only one, or as many as 15 quarter hours of credit in the Summer Sessions. Students who cannot be present during the entire 10 weeks may enroll for any of the two-week 7-8-9 Conference courses, or for the split courses offered during the first or second half of the eight-week session. See the chart on page three which shows the most popular arrangements of course programs to earn 2, 3, 6, 9, 12, or 15 quarter hours of credit.

- **Aviation Education Workshop.** This workshop will provide teachers with an understanding of aviation and the space age. Students will take two field trips, one a flying trip to an Air Force base in another state. Offered Pre-Session as Science 217.

● **Reading Conference.** Dr. Paul McKee, nationally recognized expert on teaching reading in the elementary schools, will direct this class titled, "The Teaching of Reading in the Elementary School." *Offered Pre-Session as Ed. 210j,k,l.*

● **Seminar in College Personnel Work: Student Housing.** This is the first in a series of seminars on student personnel services in colleges. Others in succeeding summers will be on admissions, health services, and job placement. This summer's seminar will prepare persons for managing and supervisory positions in various types of college housing. *Offered Pre-Session as Ed. 315e.*

● **Library Workshop.** Procedures and practices in junior and senior high school libraries will be studied. Students may plan a new or revised program for their own library. *Offered Summer Session as Library Science 280.*

● **Workshop in Outdoor Education.** Students will live in a lodge in the nearby Rocky Mountains and gain practical experience useful in many subjects from a variety of activities. *Offered Pre-Session as H.P.E. and Ed. 273.*

● **FLES Course.** Procedures and practices in teaching foreign languages in the elementary school will be studied, with experiences of observing and teaching available in the campus laboratory school. *Offered Pre-Session as Foreign Languages 232.*

● **Special Education Courses.** Education of exceptional children, with emphasis on the gifted, the physically handicapped, the mentally retarded, and the deaf, will be studied in these courses. The campus Special Education school, a cooperative project of the Greeley public schools and the college, will be in operation during the summer and will provide a laboratory for observation and student teaching.

● **Planned Campus Activities.** Book reviews, concerts, assemblies with outstanding speakers, recreation programs, Little Theatre plays, Family Fun Nights and the Fine Arts Festival are examples of these activities. These and others are described throughout this bulletin.

● **Science Institute.** A Frontiers in Science Institute for selected high school students will be conducted. Write for details. *Offered Summer Session.*

When you choose a summer at Colorado State College, you'll find that it's the best vacation of all when Greeley is "your home away from home."

## ● **The 7-8-9 Conference**

This conference has been planned to meet the expressed needs of teachers and administrators for courses dealing specifically with education in grades 7-8-9. The conference is the result of a three-year study of education in grades 7-8-9 by the CSC curriculum committee. The conference theme will emphasize the importance of special planning for education in grades 7-8-9 regardless of the administrative position of these grades in the elementary school, the junior high school, or the high school.

Four types of courses dealing with grades 7-8-9 will be offered. These courses are all listed in the Pre-Session and Summer Session class schedules and are designated by a colored dot or circle between the number and the title of each course. Titles of the courses which form the 7-8-9 Conference are given below.

### **Administrators' Course — Pre-Session**

Ed. 216d Modern Administrative Practices for Grades 7-8-9.

### **Foundation Courses — Summer Session**

Ed. 215d Guidance in the Elementary School. Emphasis on grades 7-8-9 the last half of the first four weeks.

Ed. 216b The Junior High School.

Ed. 216c Curriculum in the Junior High School.

Ed. 365a Junior-Senior High School Organization and Administration. (Two sections offered.)

Ed. 365b Problems in Junior-Senior High School Administration and Supervision.

Eng. 204 Developmental Reading in Grades 7, 8 and 9.

### **Two-Week Courses — Summer Session**

Each course offers one quarter hour of credit.

#### ● June 29 to July 10 ●

1:10 p.m. — Sci. Ed. 216f, Science Education in Grades 7-8-9.

2:10 p.m. — Ed. 216o, Evaluation in Grades 7-8-9.

#### ● July 13 to July 24 ●

1:10 p.m. — H.P.E. 216j, Health and Physical Education in Grades 7-8-9.

2:10 p.m. — Ed. 216m, Educational and Vocational Planning in Grades 7-8-9.

#### ● July 27 to August 7 ●

1:10 p.m. — Fine Arts 216e, Art Education in Grades 7-8-9, or Social Studies 216g, Social Studies Education in Grades 7-8-9.

2:10 p.m. — Ed. 216L, Core and Traditional Curriculums in Grades 7-8-9.

#### ● August 10 to August 21 ●

1:10 p.m. — Eng. 216i, English Education in Grades 7-8-9, or Math. 216k, Mathematics Education in Grades 7-8-9.

2:10 p.m. — Ed. 216n, Guidance in Grades 7-8-9.

### **Regular Courses — Summer Sessions**

There are 86 other courses, offered during both the Pre-Session and the Summer Session in the seven divisions of the college, which will give special emphasis to methods, materials and subject matter in grades 7-8-9. The emphasis on grades 7-8-9 in each course will be of at least two weeks duration. Students should consult the course instructor to find out when the class will study grades 7-8-9.

Six popular plans for attending Colorado State College's Summer Sessions are shown below in chart form. It is possible to earn practically any number of credit hours up to 15 by attending one or a combination of the sessions offered. Select the combination which suits you best.

### A Summer Program To Fit Your Needs . . . . .

# Academic Programs

Colorado State College offers four programs — an undergraduate program and three graduate programs.

## Undergraduates

Freshman and transfer students may enroll in the Summer Sessions without presenting high school or college records or taking matriculation examinations until fall quarter. Entrance requirements as outlined in the catalog must be met by students who expect to graduate. Evaluation of credit from other colleges will be made by the Director of Admissions on request without charge.

The college offers two undergraduate degrees, a Bachelor of Arts with teaching certificate and a Bachelor of Arts as a liberal arts degree.

The Bachelor of Arts degree with teaching certificate may be taken in:

Fine Arts	English
Home Economics	Foreign Languages
Industrial Arts	Speech
Business Education	Drama
Elementary Education	Mathematics
Secondary Education	History
Music	Social Science
Biological Science	Physical Science
Physical Education for Men	
Physical Education for Women	

Students may select from 16 majors when working toward the Bachelor of Arts as a liberal arts degree.

Four of every ten CSC summer students are undergraduates.

## Credit Hours

In the Pre-Session the course load for credit applicable to a degree is three quarter hours; in the eight-week Summer Session it is 12 quarter hours. By attending both sessions a student may earn 15 quarter hours of credit.

## Veterans' Eligibility

All veterans enrolling must present a certificate of eligibility valid for training if they wish to receive government benefits. For further information, inquiry should be made to the nearest Veterans' Administration office or to the Veterans' Counselor, Room 22, Frasier Hall, CSC.

## Graduates

Colorado State College offers three advanced professional programs leading to the Master of Arts (A.M.), Specialist in Education (Ed.S.), and Doctor of Education (Ed.D.). The Ed.S. is offered only in the Division of Education.

Students registering for the first time for a graduate degree should file with the Chairman of the Graduate Division: (1) an application for admission and (2) a certified transcript of all college credits. Preferably this should be done 30 days prior to enrolling. Credits will be evaluated by the Chairman of the Graduate Division. Admission blanks and other graduate information may be obtained from the Chairman of the Graduate Division. *No other enrollment procedures are necessary prior to registration day.*

Fifteen quarter hours of credit may be earned in the Summer Sessions — three in the Pre-Session and twelve in the Summer Session. Courses numbered 200 or above carry graduate credit.

## Master of Arts Degree

The Master of Arts degree may be earned in three summers provided the student enrolls for full-time study in three pre-sessions and three regular sessions. Thirty weeks in the minimum residence requirement for the master's degree which is awarded on the basis of 45 quarter hours of credit.

The A.M. is offered in the seven instructional divisions of the college with majors in each division as follows:

ARTS — Industrial Arts, Fine Arts, Home Economics

EDUCATION — Elementary Education, Elementary School Administration and Supervision, Secondary Education — Master Teacher, Secondary Education — Junior-Senior High School Principal, Educational Administration, Educational Psychology and Guidance, Special Education, Business Education

HEALTH AND PHYSICAL EDUCATION — Physical Education, Health Education, Supervision of Physical Education

MUSIC — Music, Supervision of Music

HUMANITIES — English, Speech and Drama

SCIENCES — Biological Sciences, Mathematics, Physical Sciences, Science Education

SOCIAL STUDIES — History, Social Science, Social Studies Education.

Two plans of study are available; one with thesis and one without thesis.

## Doctor of Education Degree

The Doctor of Education degree is a two-year program beyond the Master of Arts degree. The work required for this degree is of two types: (1) course work and (2) research of a professional nature. When possible, the research will be correlated to problems arising from the student's professional position. The student selects an area of specialization (major) and a supporting area (minor) from 14 areas of study.

Students may major or minor in the five areas listed below during the Summer Sessions and/or during the regular year.

1. Educational Administration
2. Elementary Education
3. Educational Psychology and Guidance
4. Secondary Education
5. Special Education

Students may major or minor in the five areas listed below during the Summer Sessions only.

6. Business Education
7. Health and Physical Education
8. Music Education
9. Industrial Arts Education
10. Science Education

Students may minor in the area listed below during the Summer Sessions and/or during the regular year.

11. Social Studies

Students may minor in the three areas listed below during the Summer Sessions only.

12. Curriculum
13. Higher Education
14. Philosophy of Education

• A study group meets informally on the campus.

## Specialist in Education Degree

The Specialist in Education degree is a one year program beyond the Master of Arts degree. This program prepares one to be what the name implies, a specialist in some area of education, and course work generally cuts across divisional and departmental lines. A student may wish to specialize in areas similar to the following: Supervision of Science Instruction, Consultant in School Buildings, Testing in the Elementary School, Guidance in the Elementary School.

## Publications

Publications about CSC which will be sent on request include:

**General Catalog.** The catalog lists all requirements for graduate and undergraduate degrees, tuition and fees, general information, titles and descriptions of all courses, and faculty members.

**Graduate Bulletin.** This lists all requirements for graduate degrees, tuition and fees, and general information.

**Campus Picture Book.** This bulletin describes the regular school year at CSC. Eight pages are in full color.

**Fact Book.** This pocket-size publication contains basic information for new and transfer undergraduate students.

Use the postal reply card attached in this bulletin to order these publications.

FRASIER HALL, at right, the college's administration building, has one of the finest college theaters in the nation plus ultramodern speech, drama and music facilities. Frasier Hall was completed in 1954.

# Housing Information

Colorado State College has 11 residence halls, two of which were completed in 1957. The college also owns 12 houses, used by sororities and fraternities during the regular school year, which provide additional accommodations for summer students. See the campus map on page 12 for locations of the residence halls and college houses.

During the summer six residence halls are reserved for women and three for men. Two residence halls are for married couples, provided either the husband or wife is a student. The college houses are for married couples, if either the husband or wife is a student.

Use the handy form at the bottom of the page for reserving space in college housing. Note that a \$25.00 deposit must accompany the application.

The college also provides space at a modest cost for 36 private house trailers. A limited number of board-only reservations are available during the Summer Session to students not living in a residence hall. Make reservations for both these services at the housing office.

All graduate students must first be admitted to the graduate division before they may apply for college housing accommodations.

The college housing office helps students find rooms and apartments off-campus, but cannot make arrangements for securing such accommodations. There is an adequate supply of rooms to rent in Greeley. For additional information on off-campus housing, write to the Director of Housing.

• Eight of Colorado State College's 11 residence halls are shown in this aerial view of the south portion of the campus.

## Board and Room Fees

Residence Halls	Pre-Session (2 weeks)	Regular Session (8 weeks)	
		Min.	Max.
Board and Room*

and mail to:

Director of Housing  
Colorado State College  
Greeley, Colorado

Your application must be accompanied by a **twenty-five dollar (\$25)** deposit in the form of a check or money order made payable to Colorado State College. If you decide not to take a room after reserving it, ten dollars will be refunded if notice is given by May 15.

# General Information

**COLLEGE PURPOSE . . .** Colorado State College, founded in 1890, has always had as a primary purpose preparation of personnel for all kinds of educational positions. The administration and faculty expect each student to maintain a high standard of scholarship and professional development, and to be thoroughly prepared at the time of his graduation. Colorado State graduates are in great demand for teaching and administrative positions throughout the state and nation.

**FULLY ACCREDITED . . .** Colorado State College is accredited by the North Central Association of Colleges and Secondary Schools as an institution conferring the Bachelor of Arts, Master of Arts, Specialist in Education, and Doctor of Education degrees.

The college also is accredited by the National Council for Accreditation of Teacher Education and is a member of the American Association of Colleges for Teacher Education and the American Council on Education.

**MODERN LIBRARY . . .** The Carter Hall library is a modern building centrally located on the campus. It has many comfortable, well-lighted study areas near the book stacks to which students have free access. More than 150,000 reference volumes are available for use in Carter Hall, plus over 600 periodicals.

The Curriculum Materials Laboratory in Carter Hall is completely stocked with the latest textbooks and courses of study and is one of the finest of its kind. Publishing companies provide the newest editions for this laboratory.

The library will be open the following hours during both the Pre-Session and Summer Session: Monday through Thursday, 7 a.m. to 5 p.m. and 7 p.m. to 10 p.m.; Friday, 7 a.m. to 5 p.m.; Saturday, 8 a.m. to 5 p.m.

**LABORATORY SCHOOLS . . .** During the Summer Session, morning classes will be held in Ernest Horn Elementary School (Nursery School, Kindergarten and Grades 1 through 6). No classes will be held in the secondary school. For information on enrollment in the laboratory schools, please write to Director, Laboratory School.

Classes will also be held in the campus Special Education School.

For information about student teaching in the laboratory schools, please write to Director of Student Teaching.

**LOCATION . . .** Greeley, a city of 25,000, is located in northern Colorado just 25 miles east of the foothills of the Rocky Mountains. Greeley is 52 miles south of Cheyenne, 51 miles east of Estes Park and the Rocky Mountain National Park, and 52 miles north of Denver. It is on the Union Pacific railroad and U. S. Highways 85 and 34.

**CLIMATE . . .** The climate of Greeley is conducive to study and recreation. The relatively low humidity of the region and the nearness of the Rocky Mountains account for this superb summer weather. The altitude of Greeley is 4,648 feet.

## TUITION AND FEES

Quarter Hours Credit	Tuition In-State Students	Tuition Out-of-State Students
1- 3	\$18.00	\$23.00
4	24.00	30.00
5- 8	38.00	55.00
9-12	45.00	75.00

Summer Session fees for all programs of five or more quarter hours credit are: Registration, \$3.50; College Service, \$7.50. Students who register for Summer Session after June 27 must pay a \$5.00 late registration fee in addition to other assessed fees. Fees for special services and individual instruction are charged in accordance with schedules in the catalog.

Added fees for students enrolling in programs leading to the Specialist in Education or Doctor of Education degrees are assessed and paid at registration with the regular tuition and fees. Enrollees will obtain a determination of status in their programs from the Graduate Division prior to or during registration. A complete description of these added fees appears in the Graduate Bulletin and General Catalog.

Out-of-state status is determined in accordance with an established plan ratified by the Board of Trustees and common to all state-supported institutions of higher learning in Colorado. Upon appeal, following registration, a college committee will review the status conferred on a student. A declaration by a student of intent to be or to become a resident of Colorado will have no bearing on the determination of status.

Auditors are exempt from paying fees, but pay tuition for the rated number of hours of the course or courses taken. Audited courses added to a partial course load are charged for at the same rate as courses for credit. Students carrying a full course load may audit added courses up to four quarter hours in addition to the normal load without an additional charge. An audited course can not ever be converted into credit or taken for credit at a later date.

Wives or husbands of students enrolled for 9 or more quarter hours may attend a course after getting a Visitors Card at the Accounting Office.

The Board of Trustees reserves the right to alter tuition, fees, and/or board and room charges on 30 days' notice prior to registration day for any quarter.

# Guest Faculty

**James H. Barrett, Ed.D.**, Coordinator of Music, Hutchinson, Kans. (Music, June 27-Aug. 21); **Howard L. Blanchard, Ed.D.**, Director of Guidance, Educational Research and Testing, Des Moines Independent Community School District, Iowa (Ed., June 27-Aug. 21); **Ralph Bohrson, A.M.**, Director, Rocky Mountain Area Project for Small High Schools, Colorado State Department of Education, Denver (Ed., June 27-Aug. 21); **Bertha Campbell, Ed.D.**, Emeritus Instructor in English, Denver Public Schools, Colo. (Hum., Aug. 10-21).

# Pre-Session

The Pre-Session at Colorado State College is designed to meet a variety of student needs. It provides students an opportunity to earn three quarter hours of credit and helps them to meet their own public school requirements for advanced study in the concentrated session lasting eleven days.

The Pre-Session is composed of classes, conferences and seminars, with emphasis on informal study groups. Three quarter hours of credit may be earned in the Pre-Session.

A special feature of the Pre-Session is Ed. 216d, Modern Administrative Practices for Grades 7-8-9. This course and others marked with colored dots are part of the 7-8-9 Conference. Courses which will emphasize grades 7-8-9 are marked with colored circles.

Registration will be held from 8 to 11 a.m., Monday, June 15. Classes for this day will meet from 1 to 4 p.m. During the remaining days of the Pre-Session, regularly scheduled classes will meet from 9 a.m. to noon. One additional session will be held in the afternoon or evening. *Students must attend the ten meetings of a class to receive credit.* A 20-minute recess is held during each teaching period.

If you desire additional information on a Pre-Session course, please write to the division chairman.

## • 1959 PRE-SESSION CLASS SCHEDULE •

Number	Division — Course Title	Hrs. Cr.	Instructor	Bldg. - Room
<b>DIVISION OF THE ARTS</b>

\*Ticketed classes, enrollment is limited. Secure tickets at registration from Division Chairman.

§Credit also may be earned in the division indicated in parentheses.

Classes which will emphasize grades 7-8-9.

7-8-9 Conference courses.

**COLORADO STATE COLLEGE** is noted for professional activities and recreation and entertainment programs which are conducted on the campus each summer. These valuable out-of-class activities are planned for a wide variety of interests.

**ASSEMBLIES . . .** Outstanding speakers are brought to the campus every other Monday evening for the all-college assemblies in the Garden Theater.

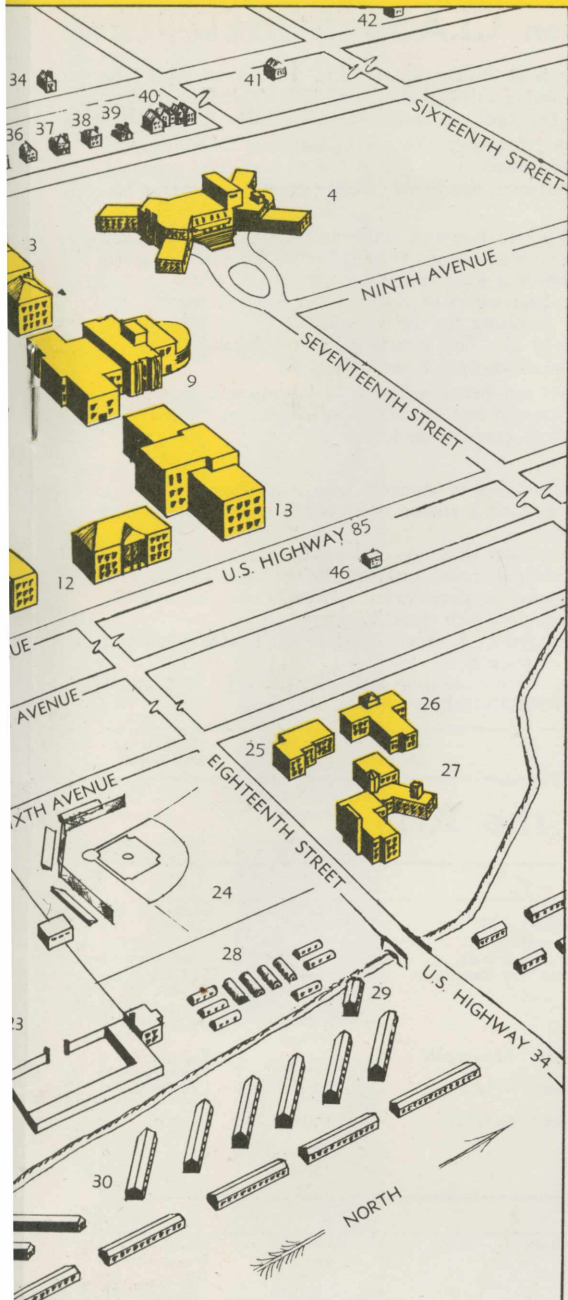

**CONCERTS . . .** The CSC 90-piece summer concert band presents a concert in the Garden Theater each Tuesday evening. Programs are under the direction of resident members of the music faculty and visiting directors. The orchestra and choir also present concerts.

**FAMILY FUN NIGHTS . . .** Each Wednesday evening the Family Fun Night features games and activities for all age groups. Square dancing, volleyball, ping pong, swimming and other sports are available in and near Gunter Hall.

**DRAMATICS . . .** The modern Frasier Hall Theater is the scene of plays produced by the college's Little Theatre of the Rockies, one of the outstanding amateur dramatic groups in the west. Cost of a season ticket for the six plays is very reasonable. Plays are presented on Thursday and Friday evenings.

**1959 Summer Session CLASS SCHEDULE**

Classes begin Monday, June 29, and continue through Friday, August 21. All courses meet five days a week unless exceptions are noted following course titles. Laboratory periods and field trips are indicated following course titles. Any additional expenses are listed after class titles.

Complete registration instructions, including any emergency changes in the class schedule, will be available for each student at the beginning of registration, June 27. A list of textbooks required for specific courses will be printed in the college newspaper, the MIRROR, which will be distributed free Saturday morning, June 27.

A course which is listed as offering two to four (2-4) hours of credit is a split course. Such a course is offered during the entire Summer Session, and students may enroll for all the course, or for either the first or second half of the course. Students may earn two quarter hours of credit by enrolling for the first half of this course and attending four weeks of classes from June 29 to July 24. Or students may earn two quarter hours of credit by enrolling for the second half of this course and attending four weeks of classes from July 27 to August 21. This course may also be taken for four quarter hours of credit by attending classes for the entire eight-week Summer Session.

Freshmen and sophomores must enroll in courses numbered below 100, juniors and seniors in courses numbered 100 to 199, and qualified upperclassmen and graduates in courses numbered 200 to 299. Courses numbered 300 and above are open only to graduate students.

**Explanation of Reference Marks.**

- \* A ticketed course is indicated by a star (\*). The number of students who may enroll in such a course is limited. Students who desire to enroll in such a course must obtain a class ticket for this course from the division chairman at registration.
- § A course marked with a section mark (§) is listed in more than one division or in different departments within a division. Credit may be obtained in the division in which the course is listed, or in the division or department within a division indicated in parentheses following the course title. The student must indicate on his class card the division in which credit is to apply.
- A 7-8-9 Conference course is indicated by a colored dot (●). Such a course deals with education in grades 7-8-9. The 7-8-9 Conference is explained on page 2.
- Courses which have some emphasis on grades 7-8-9 are indicated by a colored circle (○). Consult the instructor of the course for the time when grades 7-8-9 will be studied.

# Summer Activities

Vacation and study are best combined when you spend the summer in Greeley. A top-flight educational institution in a clean, comfortable city near the popular Northern Colorado recreation area means summer pleasure. And the friendly people of Greeley are eager to share "The Best of the West" with you.

**CENTENNIAL . . .** The "Rush to the Rockies" Centennial, a year-long, state-wide celebration of the discovery of gold, promises friendly western entertainment for all. Special centennial events and programs will be held on the CSC campus, in Greeley, and in practically every town in Colorado.

**GRADUATE ACTIVITIES . . .** Each Tuesday noon the graduate men meet for a luncheon. Graduate women students meet every Wednesday noon for lunch. The Graduate Dames, wives of graduate students, meet on Wednesday afternoons in the Student Union. Ed.D. and Ed.S. candidates have the opportunity to attend meetings of the Cooperative Research Group each Thursday afternoon in the Western Lounge of the Student Union. Research problems are discussed.

**ORGANIZATIONS . . .** Three professional educational organizations and national honor fraternities have chapters on the campus. During the Summer Session meetings are held and students are elected to membership. The education groups are Phi Delta Kappa, Kappa Delta Pi, and Pi Lambda Theta.

**FINE ARTS FESTIVAL . . .** Each year during the fifth week of Summer Session the college and the city of Greeley cooperate in presenting this festival. The tenth annual festival this year will include drama, the graphic arts, literature, the dance, lectures, religion, art exhibits, music, and art crafts. The Colorado Centennial Art Exhibit will be the main exhibit this year.

**SPORTS . . .** Athletic facilities of the college will be available for use in the summer sports program, which is directed by Mr. Doubenmier and Mr. Blasi. One of the most popular summer activities is the CSC Little World Series, when teams of students representing their home states play softball for the series championship. Last summer 15 teams participated.

● Feeding the friendly wildlife at Greeley's Glenmere Lake is fun for young and old alike.

**BOOK REVIEWS . . .** Reviews of outstanding fiction and non-fiction are presented by members of the faculty. These book reviews are given at 4:10 p.m. Monday through Thursday in Carter 401 during the first five weeks of Summer Session.

**BOOK EXHIBITS . . .** New textbooks, teaching aids and workbooks will be displayed this summer in two comprehensive exhibits. The Colorado-Wyoming Bookmen's Association and the Colorado-Wyoming School Services Group will sponsor the exhibits.

**WATER FUN . . .** The college swimming pool in Gunter Hall is open to students for recreational swimming Monday through Thursday from 4:10 to 5 p.m. As part of the Wednesday Family Fun Night program, children may swim from 7 to 8 p.m. and adults may swim from 8 to 9 p.m. Swimmers must have a doctor's certificate showing the heart, blood pressure, ears, and sinuses to be normal, and that the swimmer does not have athlete's foot. Full-time students may be examined for the certificate at the Health Office.

**INFORMATION BOOTH . . .** An information booth is maintained during the Summer Session in Room 115, Frasier Hall. Tickets for local and regional events may be purchased there. The office also has maps and other information about the college and northern Colorado.

**WIDE OPEN SPACES . . .** There is plenty of elbow room in Colorado. The area of the state is larger than New York, New Jersey, and Pennsylvania combined. The western half of the state is mountainous, the eastern half is flat or rolling. The lowest elevation is 3,385 feet and the highest is Mount Elbert which is 14,431 feet.

**CENTRAL CITY . . .** Summer students who attend the opera in world renowned Central City have the privilege of seeing productions presented by famous artists. Tickets for several productions will be on sale at the Information Booth.

**ROCKY MOUNTAINS . . .** The Rocky Mountains will be a constant source of enjoyment for you. Plan to take some of the numerous scenic trips from Greeley through the nearby mountain playgrounds. Go trout fishing, hiking, and horseback riding in Colorado's famous high country.

**GREELEY COMMUNITY ACTIVITIES PROGRAM . . .** This college-community sponsored program provides supervised leisure time activities throughout the summer for all school age youth, plus a number of recreational activities for adults. Activities are held in the huge Greeley Community Building and at numerous playgrounds. Students may borrow "picnic kits" containing sports equipment from the Community Building for use on weekend excursions.

**ROCKY MOUNTAIN NATIONAL PARK . . .** This famous park is only an hour's drive from Greeley. It is noted for its rugged gorges, high peaks, alpine lakes, mountain meadows and abundant wildlife. The park contains 65 named peaks over 10,000 feet high; the tallest, Long's Peak, rears its granite crest 14,255 feet. You won't want to miss the drive over Trail Ridge road, altitude 12,183 feet. Visit the National Park Service headquarters at Estes Park and learn more about the things to do and see in Rocky Mountain National Park.

**RODEO AND HORSE SHOW . . .** Each year at the July 4th season Greeley is the scene of one of the finest, best-managed two-day Western rodeos. The days of the "Go West With Greeley" rodeo are preceded by two excellent night horse shows. A miles-long street parade is held each July 4th forenoon. Each CSC summer student receives a free ticket to the rodeo or the horse show, compliments of the Greeley Chamber of Commerce.

• Modern highways make mountain driving a pleasure.

• Greeley's Rodeo provides excitement for all.

• Sioux Indians visit the CSC campus each summer.

• Centrally located in the Northern Colorado Recreation Area, Greeley is an ideal "home base" for trips to Rocky Mountain National Park, Denver, or Cheyenne, Wyo.

**PARKS . . .** Students and their families, college clubs, and state groups hold picnics in the mountain parks or at any one of the eight parks in Greeley. Island Grove Park, which is especially popular for evening get-togethers, is at the northwest edge of Greeley.

**SERVICE CLUBS . . .** Students who are members of the various service clubs will find a friendly western welcome at the Greeley clubs.

**CHURCHES . . .** Greeley is well known for its many fine churches, with most of the denominations being represented. There are 46 churches in Greeley.

**DENVER . . .** Colorado's beautiful mile-high capital city offers a variety of attractions. These include the State Historical Museum, the new Denver Public Library with its bibliographical center, outdoor music programs, Triple "A" baseball, Denver Museum of Natural History, Art Museum, Red Rocks Theatre, and many beautiful parks.
