GREELEY

The Cover: Turner Hall, situated on the College Park Campus, represents an adoption of the high-rise concept by Colorado State College to house a greater number of students and use less ground space.

Rising 13 stories, Turner Hall became a landmark in Greeley as the city's tallest building when it was opened in 1968. Previously, the two five-story residence halls adjacent to this building were Greeley's tallest.

Built at a cost of \$3,310,000 including furnishings, the apartment-style residence houses 600 men and women.

Each floor is identically designed and furnished. The students live in suites, each having two bedrooms, a large study room and bathroom facilities. Kitchenettes are also included and are primarily used in the summer months when families are housed in the hall.

Each floor houses 50 students and has two large lounges capable of accommodating half of the residents on that floor.

To avoid duplicating of services, students are fed in the adjacent McCowen and Harrison Halls.

The building was named after Glen C. Turner, Controller of the College from 1940 to 1968.

Summer school students and families can combine study and vacation at Colorado State College. In addition to the complete academic and extracurricular program on campus, there is a full schedule of community activities, and the adjacent Rocky Mountains provide a myriad of recreational facilities.

CSC encompasses more than 85 buildings on four campuses, with 20 academic and residence structures in the planning or construction stages. Enrollment averages 5,400 for summer quarter students, and 9,400 for the regular academic year. Administration and faculty are considered among the best-qualified in the nation, with 482 full-time instructors.

CSC Summer Session faculty includes nationally known guests, as well as outstanding CSC instructors. Adults will be able to select from more than 900 courses, workshops and seminars offered for graduates and undergraduates. Many course formats feature informal discussions to provide interchange of ideas and opinions.

Educational opportunities for youngsters are also convenient. Morning classes are planned by the Laboratory School (Kindergarten and grades one through six), and in the Special Education School. Although the secondary school schedules no classes on campus, summer sessions are planned for grades two through twelve by Greeley School District Six. Information concerning these programs may be obtained by writing: Director, Laboratory School, CSC 80631; or Director, Special Education School, CSC, 80631. Information request on the School District Six summer school program should be addressed to: Assistant Principal, Greeley Central High School, Greeley 80631. The Home Economics Department, CSC 80631, will provide information on the Nursery School conducted by the College.

The Instructional Materials Center in Cranford Hall has more than 1,960 films, 950 film-strips, and several hundred recordings. Production services are available, and include art work, transparency making, slide copies, tape recording and duplication.

A favorite facility on the CSC campus is the library in Carter Hall, which features air-conditioned stacks and forced air cooling throughout for study comfort. In addition to more than 274,000 volumes, microfilms and periodicals, the library also offers several copying services.

For those concerned with special education, there is the Rocky Mountain Special Education Instructional Materials Center. This is one of 15 such installations in the U. S., and developed from two applications submitted to the U. S. Office of Education in 1964. Educators in a five-state area can be provided with special education materials which the Center acquires and lends. Area states include Montana, Wyoming, Colorado, Utah and New Mexico.

SPECIAL MUSICAL EVENTS

Each summer the School of Music presents a full and varied series of concerts and recitals as well as collaborating with the Theatre Department in the staging of an opera. Since 1970 is Greeley's centennial year, an especially exciting program has been planned.

Each Tuesday evening a concert will be given by the Summer Symphonic Band in the Garden Theatre. This is the 38th year of these popular concerts which invariably attract large audiences who enjoy listening to music under the stars.

The symphony orchestra will also present a concert during the summer season. This organization of approximately 70 musicians has grown in stature as well as in size during the past few years and the concerts will feature music selected from the masterpieces of orchestra literature.

The opera to be presented this summer is "**The Ballad of Baby Doe.**" As a special attraction the nationally known singers Chester Ludgin and Catherine Christensen will be carrying the leading roles. These outstanding artists will be supported by a cast made up of CSC faculty and students.

Chester Ludgin, a superb American baritone, will return to the Colorado operatic stage in the role of Horace Tabor. From New York to Central City to San Francisco, operatic audiences have thrilled to the glorious vocalism and dramatic force that Mr. Ludgin brings to this role. Mr. Ludgin has a repertoire of more than 75 operas at his command and he has achieved eminence as one of America's finest operatic performers.

Catherine Christensen, a young soprano with outstanding operatic talent, will bring great sensitivity to the haunting role of Baby Doe. Miss Christensen has a voice of rare and vibrant beauty, and her numerous roles are further enhanced by an exceptional dramatic presence. She has appeared with the opera companies of New York City, San Francisco, Boston, Cincinnati, Kansas City, and Santa Fe, winning enthusiastic acclaim from audiences throughout the United States.

Closing the summer musical scene will be a festival co-sponsored by CSC and the Greeley Centennial Committee. Three concerts will be given during the week of August 10-15. These will include a program of music from the American Theatre (Gershwin, Kern, Bernstein), two large choral-orchestral works and on the final Saturday evening, a Rock concert. Participating groups will be the Festival Orchestra and the CSC Summer Concert Choir.

Featured on the second concert will be a premier performance of a new work for chorus and orchestra commissioned by the city of Greeley from the noted Colorado composer Cecil Effinger.

Cecil Effinger, professor of music at the University of Colorado, has been in his present position since 1948. Prior to his present position, he was music editor for the DENVER POST and first oboist with the Denver Symphony. He has written numerous compositions for orchestra, band and chorus, and is known nationally for his works.

POET IN RESIDENCE

ENG 239: Form and meaning in Poetry

June 17-July 15

4 hours credit

Lew Welch, from the University of California at Berkeley, will be the Poet in residence.

Mr. Welch was graduated from Reed College with a B.A. thesis on Gertrude Stein. He was part of the San Francisco Beat Poet scene in the 1950's, has been teaching at the University of California at Berkeley, and has initiated various Writing Workshops and Black Literature courses in the Bay Area. His books of poetry are **Wobbly Rock** (1960), **On Out** (1965), **Hermit Poems** (1966), **Courses** (1968); collected poems will be published in a Grove Press edition, summer, 1970. At the present time he is active in Bay Area benefit readings for the ecology action movement and for the Indians on Alcatraz Island.

EUROPEAN STUDY TOUR

HISTORY 221—Cultural Background of Western-Soviet Russia Relations June 17-August 13 (Fifteen hours credit in history)

A study-travel opportunity will again be offered to CSC summer students this year. The dual program will include destinations in Europe and Russia for academic credit.

Designed primarily for teachers and students who have not studied European history in college, and especially for elementary teachers.

Presented in cooperation with the Institute of European Studies, a non-profit education corporation, the study tour offers an opportunity to compare the political, economic, social, artistic and educational life of the West with that of Soviet Russia.

On campus, the class meets 35 days for two lessons daily in history, one in art and architecture, and one hour of films. Dr. Dean A. Arnold, Professor of History, will be the instructor and program director for the seventh successive year.

Upon completion of on-campus study, the class embarks on a three-week tour of Europe. Cities included are London, Oxford, Paris, Leningrad and Moscow. Professors of the London School of Economics, Oxford, the Sorbonne, and Moscow State University, officials of governments and international agencies will lecture to the class. There will be special lecture tours of the National Gallery in London, the Tretyakov in Moscow, the Hermitage in Leningrad, and the Louvre in Paris.

In the Soviet Union the class will visit a nursery-kindergarten, a pioneer camp, and see an opera, ballet and circus.

Credit hours may be applied toward a formal degree program in either the graduate or undergraduate school with prior approval of the academic adviser.

Tour cost of \$1,150 from Greeley to Greeley includes all transportation, hotels, meals, admission fees, baggage handling, tips and other necessary expenses. Travel to and from Europe will be by Pan American jet. Transportation between cities will be by air. Cost is based on current rates and is subject to change until April 1, 1970. Tuition and living expenses on campus are additional.

Applications must be submitted before April 1, 1970. Please contact Dr. Arnold for additional information.

This view of St. Basil's Cathedral on Red Square in Moscow is seen from the New Hotel Rossiya where the CSC European Study Tour has reservations this summer.

Admissions Policy

ADMISSIONS POLICY

Students applying for admission to Colorado State College for Summer Quarter should complete and return the form found on page 39. Additional information required as part of application for admission depends upon the status of the students as defined below. Inquiries concerning the graduate program or graduate admissions should be directed to the Dean of the Graduate School. Undergraduates should contact the Director of Admissions for application forms. The application for the baccalaureate and master's degrees and for the graduate student certification program must be accompanied by a \$10.00 transcript evaluation fee.

GRADUATE STUDENTS

The College requires that the Graduate Record Examination Aptitude Test (verbal and quantitative) scores accompany the doctoral application. If a student's score is below the minimum acceptable score in the Aptitude Test, he will be denied admission to the doctoral program. Students seeking a graduate degree from Colorado State College may transfer 8 quarter hours toward a Master of Arts or Specialist in Education degree and 12 quarter hours toward either doctoral degree. If the work is acceptable to all four members of the Reading and Examining Committee, a doctoral student may transfer an additional 23 quarter hours of work.

TRANSFER STUDENTS

The College accepts a maximum of 135 quarter hours transfer credit on undergraduate programs. Only 90 hours of the transferred credit may have been granted by junior colleges. All degree-seeking students must submit an official Application for Admission, a transcript of high school studies, two transcripts of previous college work and a health report. Application forms may be obtained by writing to the Director of Admissions.

FRESHMEN

Students who are entering college for the first time should write to the Director of Admissions for information and application forms. To be eligible to apply for admission, students must graduate in the upper one-half of their class or have scores on the American College Test which are at or above national averages. Other minimal admission standards are defined in the general college catalog.

SPECIAL STUDENTS

An undergraduate student planning to attend Colorado State College for the Summer Quarter **only** must return the appropriate forms found on pages 38 and 39. Attendance for the summer quarter does not assure admission for subsequent quarters. Official application for admission must be made if the student plans to continue his degree program at Colorado State College.

Registration

Proper registration is the responsibility of the student. Students should read the catalog and know course requirements. Students should register for both regular classes and workshops at the same time. Students attending workshops **only** may register on the first day of the workshops. Classes begin June 17, 1970.

1. Registration materials may be obtained in the main Corridor of Frasier from 8:00 to 4:00, June 10, 11 and 12. After this period, they will be available in Gunter Hall on June 15 according to the following schedule:

Materials will also be available on June 16 in Gunter from 8:00-3:00. **ALL HOLDS MUST BE**

CLEARED BEFORE REGISTRATION.

2. After obtaining your supplies, contact your adviser in his office on June 15-16. If you do not know who your adviser is, please go to the departmental office of your major. All cards must be completed and the emergency locator-second preference card must be signed by your adviser before you will be permitted to register.

Unclassified Graduate Students and those not following a degree program will report to Student Council Room, College Center, on June 15-16 for clearance. None of the work taken by a graduate student who is enrolled in an unclassified status may be counted in meeting the minimum residence requirements.

3. Registration in College Center will be as follows:

4. Report to the appropriate departments in the Ballroom to pick up the class cards. If you have a schedule conflict, a faculty member "trouble shooter" will be available to assist you. If a course is closed for which you are registering, the Second Preference Courses Schedule will be used to make up a complete schedule. All courses for which you are registering must show on the Emergency Locator Card and be initialed by the authorized departmental representative. This is your official study program.

5. Proceed to the Fee Assessment—Checking Stations.

6. Veterans on G.I. Bill, scholarship recipients, students on state or federally supported grants or fellowship programs check at Financial Aids Office, Room 101, Frasier Hall.

FEE PAYMENT

7. Proceed directly to Frasier Hall for payment of fees. Registration will have been completed when, and not until, tuition and fees are paid. All tuition and fee payments must be completed by 4:00 p.m., June 16 at the Accounting Office. Students registering for 10-week courses who complete registration after June 16 will be assessed a late registration fee at the rate of \$5.00 the first day, and \$2.00 each additional day. Tuition and fees are assessed at rates per credit hour quoted in the Undergraduate Catalog and Graduate School Catalog and according to your current resident status.

No registration for 10-week classes will be permitted after 4:00 p.m., June 23, 1970.

WORKSHOPS

Registration for workshops may be completed during regular registration, June 15-16, or at the Records Office, Frasier 126, after June 16, on the first day of the particular workshop offered. Students must register in person before the first class session. It is the student's responsibility to learn when his first class meets.

A student may register for a class for no credit by paying appropriate tuition and fees. No audit or visitors cards are issued.

GRADUATION

Graduation will be at 10:00 a.m., Saturday, August 15, in the Garden Theatre. Graduating students are required to participate in graduation exercises. Caps and gowns may be rented from the College Bookstore. No applications for graduation will be accepted after June 26, 1970.

TRANSCRIPTS

Transcripts showing courses and grades for the current quarter will not be available for at least two weeks after the close of the quarter.

FINAL EXAMINATIONS

Final examinations will be held Wednesday, Thursday and Friday, August 19, 20, 21 according to the published schedule, unless special arrangements are made by the instructor for special examination periods. A student who must be absent any part of the last week of the course or for final examinations makes arrangements with his instructor to receive an incomplete, if his reasons and previous work warrant this privilege. If arrangements are not made, the student receives an F. Only in extreme emergency (death, illness, jury duty, armed services directives) may an instructor grant an early examination privilege, which requires a fee and a special examination.

The academic program at Colorado State College is organized into seven schools—School of Arts; School of Arts and Sciences; School of Business; School of Education; School of Health, Physical Education and Recreation; School of Music; and School of Nursing. There is a total of 65 majors offered: Arts and Sciences, Teaching Professions (Teaching Education), and Applied and Professional Studies. Three undergraduate degrees are available: Bachelor of Arts, Bachelor of Science, and Bachelor of Music.

Thirty-seven majors are offered in the teaching professions program by 34 academic departments. Admission to the Teaching Professions program does not guarantee teacher certification; prior to their junior year, students pursuing a teaching profession major must apply for admission in the Advanced Teacher Education Program. If admitted, the student enrolls in a block of advanced teacher education courses including basic concepts of education, educational psychology, student teaching and educational philosophy. Successful completion of the program will result in certification of the prospective teacher to teach in Colorado and many other states in the nation.

Colorado State College also serves as a regional institution in offering a strong program in the Arts and Sciences, Pre-Professional Courses, and selected Applied and Professional Studies programs. Nineteen majors are offered in the Arts and Sciences program while nine majors are available in the Applied and Professional Studies program. Course work is offered in the fields of pre-dentistry, pre-medicine, pre-law and pre-engineering. Undergraduate male students may also participate in the Aerospace Studies program which, if successfully completed, leads to a commission in the U. S. Air Force Reserves.

MINOR PROGRAMS

In addition to the programs listed above, the college offers a number of programs as minors. Most major programs are also offered as minor programs. Please consult the general catalog for specific information.

SUMMER QUARTER PLAN

The Summer Quarter plan allows the undergraduate student to attend college on a four-quarter basis. If this plan is followed from the freshman year, the student, through continuous study, may complete his undergraduate requirements for graduation in three years. If academic requirements are met, the student is then eligible to apply for a position and earn an extra year's salary or to work on a master's degree during the fourth year which is normally devoted to undergraduate study.

Graduate Programs

The Graduate School, Colorado State College, offers four advanced degree programs leading to the Master of Arts (M.A.), Specialist in Education (Ed.S.), Doctor of Education (Ed.D.), and Doctor of Philosophy (Ph.D.).

Detailed information concerning advanced degrees may be obtained by consulting the 1970-71 Graduate School Catalog or by writing to Dr. A. R. Reynolds, Dean of the Graduate School, CSC 80631.

MASTER OF ARTS

The Master of Arts degree may be earned in three consecutive summer quarters of full-time study. The master's degree is awarded upon completion of a minimum of 45 quarter hours of credit. Candidates must be on campus, enrolled as full-time students for two quarters (at least 10 weeks and 10 quarter hours per quarter), to satisfy the minimum residence requirement.

SPECIALIST IN EDUCATION

The Specialist in Education degree is a one-year program beyond the master's degree, assuming that the area of specialization is compatible with the undergraduate and Master of Arts major. This program prepares one to be what the name implies—a specialist—and course work may cut across school and departmental lines. A student may wish to specialize in areas similar to the following topics: Supervision of Science Instruction, Consultant in School Buildings, Testing in the Elementary School or Guidance in the Elementary School. Programs in Counseling, Educational Administration, School Psychology and Rehabilitation Counseling are partially or fully prescribed in order to meet certification requirements. Since there is a large and growing demand for teachers in the various disciplines at the junior college or community college level, a student who holds a master's degree in a content area may desire to continue his preparation through the specialist degree and then seek employment in such institutions.

DOCTOR OF EDUCATION

A two-year program beyond the master's degree, the Doctor of Education degree requires course work and research of a professional nature. The student selects an area of concentration (major). He may be required by the major adviser or department to take a minimum of 24 quarter hours in one or more supporting area(s) (minor). All candidates are required to spend three consecutive quarters in residence in full-time study. A student must earn a minimum of 72 quarter hours of credit in his concentration and supporting area(s), if any, and pass comprehensive examinations on the area(s). In addition, he must write and defend an acceptable dissertation for which 18 quarter hours of credit is granted.

The degree of Doctor of Education is offered in the following areas of concentration: Business Education; Educational Administration; Elementary Education; English; English Education; Health and Physical Education; Industrial Arts Education; Mathematics

Education; Mathematics; Music Education; Psychology, Counseling and Guidance; Reading; Science Education (Botany, Chemistry, Physics, Science Education: Plan I, Science Education: Plan II, Zoology); Curriculum and Instruction: Plan I—Generalist in Curriculum Theory; Curriculum and Instruction: Plan II—Specialization in Content; Curriculum and Instruction: Plan III—Professional Field Experience; Social Science; Special Education (Administration, Crippled and Other Health Impaired, Emotionally Disturbed, Mental Retardation, Rehabilitation Counseling, Speech Pathology, Visually Handicapped).

Students may select any one of the above fields for their minor course of study or one of the following: Educational Media; Curriculum; Higher Education; History and Philosophy of Education; Science; Statistics and Measurement.

DOCTOR OF PHILOSOPHY

The Doctor of Philosophy degree is a three-year program beyond the baccalaureate. Two specialized programs are available: (1) College Student Personnel Work to prepare candidates for college placement as deans of students and in other related areas; and (2) Educational Measurement and Research to prepare candidates for performing or directing educational research in colleges, universities, school systems, and educational research laboratories and for college teaching assignments in statistics and measurement.

Financial Information

Required tuition and fees are collected at registration under the terms herein below listed. Charges are applicable to each enrollment for partial or full study, for Colorado or non-Colorado residence classification, and for credit or non-credit enrollment.

All assessed charges are due and payable on a designated date of enrollment. No registration is complete until the account so created is paid. A late registration fee is incurred if a student is allowed to enroll on a date other than that fixed for registration.

Fees for added services, individual instruction, independently funded programs and for courses requiring laboratory or field trip expenses will be paid in a manner jointly specified by the instructor and Accounting Office. For programs leading to the Specialist in Education and Doctoral degrees, extra charges are incurred. Consult the 1970-71 Undergraduate or Graduate School Catalog, for all itemizations of extra fees and assessments. No graduate phasing fees will be altered or refunded if a registrant fails to pursue his program or for any reason drops out of the course of study into which he has been accepted.

Nearly all scholarships or waivers of tuition issued apply only to the fall, winter and spring quarters. Holders of special scholarships having questions about their prospective awards should inquire about their status to the respective college departments authorized to confirm their award or to the Office of Financial Aids.

Determination of status as a resident or non-resident of Colorado for tuition paying purposes is fixed at registration. C.R.S. 1963-124-18-1-5 and the amended statute through 1966 fix state regulations which apply for all state institutions of higher education in Colorado.

The Trustees of the State Colleges in Colorado, the governing body for Colorado State College, reserves the right to alter charges when necessary but will ordinarily do so not later than 30 days prior to the first date for registration for a summer quarter.

REFUNDS POLICY

To be eligible for a refund of any kind under college regulations, the student must present a copy of an approved, formal withdrawal notice to the Accounting Office. Forms may be obtained from the Records Office.

Partial refunds for full-quarter classes are granted only for early withdrawals. No refund will be granted for special short-period classes after the first meeting of the class. Please consult the 1970-71 Undergraduate or Graduate School Catalog for the specific refund policies of the College.

Housing Information

College housing is available in residence halls for single men and women. All accommodations in the residence halls include room and board. The rooms are arranged to accommodate two persons per room.

The College has a limited amount of housing in two residence halls containing housekeeping facilities for married students with one or two children or for couples without children. Many students find rooms, apartments and houses in Greeley. Room and apartment rental listings are available to any student who desires to call in person at the Housing Office, Room 214, Cranford Hall. Arrangements for accommodations with private householders cannot be made by the Housing Office by mail, but must be conducted by the student directly with the landlord. Students and landlords are both advised to have a clear understanding, preferably in writing, as to facilities, prices and intended length of tenancy.

If the applicant desires to cancel his application in the residence halls for Summer Quarter accommodations and notifies the Director of Housing, in writing, the following policy will apply:

Summer Quarter: Cancellations received before May 15, 1970, \$25.00 will be refunded. **There Are No Refunds for Applications Made and Then Cancelled After May 15, 1970.** If a student moves into a residence hall, but withdraws before the end of the quarter, he forfeits his room deposit of \$50.00, is charged for the room rent for the balance of the quarter, and is allowed a refund only on the dining hall charges on a pro-rated basis. If the student remains in attendance and all provisions of the contract have been complied with and no damage charges are assessed, the \$50.00 deposit will be refunded after the end of the Summer Quarter. Refunds will be mailed in about six weeks from the Accounting Office.

Snyder Hall, an all women's dormitory, shows the traditional style of Central Campus.

West Campus' McCowen Hall is one of the two "H" design buildings used for coeducational living. The building is a five-story structure which houses 1,044 men and women.

ALUMNI PICNIC

Sunday, June 14, the Alumni Association of CSC will sponsor its fourth annual Summer Picnic at Estes Park Municipal Park. Summer students, faculty and alumni from around the nation are invited to attend. Games and activities will be provided for the young people, allowing Mom and Dad to relax for the day. The Association will provide soft drinks and ice cream for everyone.

INTRAMURAL SPORTS

The School of Health, Physical Education and Recreation maintains a spirited intramural sports program during the Summer Quarter. Open to CSC students, the possibilities include softball tournaments with teams usually derived of and named after various states, mixed golf tournaments and bowling leagues.

CONCERTS

Summer Symphonic Band concerts, featuring varied selections will be presented by the School of Music each Tuesday night in the Garden Theatre. Choral and orchestral concerts as well as student and faculty recitals are scheduled throughout the quarter and also are open to the public.

INFORMAL DISCUSSION SERIES

The Department of English announces a series of informal discussions to be conducted during the summer quarter. All interested people, campus and community, are cordially invited to attend and participate in these sessions.

The purpose of the series is to afford the opportunity for the discussion leader and the group to explore ideas, themes, concepts which are germane to the humanities but are seldom treated at length. Thus, all who attend are encouraged to make comment, to ask questions, to disagree if desired.

LITTLE THEATRE OF THE ROCKIES

Four outstanding dramatic presentations with professional leading performers will be offered this year by the Little Theatre of the Rockies and the Opera Guild as a part of the celebration of the Greeley Centennial (1870-1970). Each production of the 1970 season, the 34th season of one of the first college summer theatres in the West, will be staged four nights, Wednesday through Saturday, at 8:00 p.m. in Frasier Hall Theatre, except the opera, *BABY DOE*, which will be staged for three nights only. Season tickets for the four productions may be purchased after June 1, 1970, at the College Center Information Desk.

GRADUATE DAMES

A social organization for wives of graduate men, Graduate Dames, meets at 1:30 p.m. every Wednesday afternoon beginning June 24. Meetings are held at the College Center for card playing, sewing, refreshments and conversation.

GRADUATE WOMEN'S CLUB

The Graduate Women's Club is open to all women enrolled on campus who have graduated from an accredited college. The organization is active only during the Summer Session. There are no dues. Luncheon meetings are held weekly in the College Center with programs of interest provided for each meeting. Dr. Betty Lowry serves as sponsor.

FAMILY FUN NIGHT

Perhaps the most popular all-around Summer Quarter activity is Family Fun Night, sponsored by the School of Health, Physical Education and Recreation each Wednesday night.

From 6:30 to 8:30 p.m., members of the CSC recreation courses supervise a variety of activities for all age groups. Included in the evening's diversions are organized relays and circle games, supervised swimming, indoor sports (badminton, volleyball, etc.) and square dancing for all ages at the College Center from 8:30 to 10:00 p.m.

EXHIBITS

A variety of student art exhibits, educational film previews, and textbook exhibits have been scheduled for summer student enjoyment.

GREELEY

Besides campus activities, students are urged to take full advantage of the complete community activities program in Greeley. Facilities include a Community Building, eight city parks, two golf courses, two museums, not to mention movie theatres and numerous restaurants for the pleasure of CSC students and their families.

Greeley is a city of approximately 35,000 people, located at the junction of U.S. Highways 34 and 85. Ideally situated, Greeley lies just fifty miles north of Denver, south of Cheyenne, Wyoming, and east of Estes Park, Gateway to the Rocky Mountain National Park.

COLORADO

A popular weekend recreation for CSC summer students and their families are two-day automobile excursions from Greeley to various parts of Colorado and back. Ranging in distance from 100 to 250 miles, popular trips include ventures to Central City, the ghost mining town that vividly recalls the era of the Old West; the Cache la Poudre Canyon and Red Feather Lake area; Rocky Mountain National Park, featuring more than 85 named peaks at elevations of more than 11,000 feet and breathtaking views from Trail Ridge Road; Red Rocks Theatre; Denver, capital of the State of Colorado; Colorado Springs, the site of the Garden of the Gods and the Air Force Academy; the Royal Gorge; and Grand Lake. More ambitious trips may include Mesa Verde, with its rich Pueblo Indian history and relics, or portions of the Western Slope of the Rocky Mountains.

(Class meets 3:35-5:30, MTWThF; 3 hours credit)

The workshop in Music Education for the summer of 1970 has as its theme, a very timely and perplexing problem in Music Education: "Developing a Plurality of Values in Music Education." Are the values of the absolutists the music of the 18th and 19th century? Can a young person enjoy rock and roll and Bach all at the same time? These and similar problems will be explored in the workshop which will be concerned with the teaching of music from K through 12 and college education in music.

Distinguished nationally known Music Educators will present ideas and give demonstrations. These include Alex Campbell, Coordinator of Music Education for the Jefferson County Schools, who will present the Manhattanville Project; Mrs. Mary Hoffman, Coordinator of Junior High School Music, Milwaukee, Wisconsin, who will give demonstrations of music for the Junior High School general music class; Leon Karel, Allied Arts Certification, Northeast State College, Kirksville, Missouri, who will demonstrate plurality of values through the allied arts; and Dr. Thomas Miller, Dean, School of Music, East Carolina University, who will be the Music Educators National Conference representative for the Contemporary Music Project.
