Summer School '68

June 10—August 16

**Colorado State College
Greeley, Colorado**

The Cover: Students attending Summer School '68 will be the first to attend classes in the fascinating new McKee Hall of Education. This climate-controlled building incorporates many new concepts in instructional environment and provides a most pleasant and functional atmosphere for learning.

McKee Hall reflects the excitement with which teacher-education—both at the graduate and undergraduate level—is approached at CSC. Outside, the student is first impressed when entering the mall where a three-story tower sits atop a lecture complex and classroom/educational resource center. Inside, classrooms, offices and resource centers are ablaze with vibrant but pleasant color.

Artist Joe Velazquez chose the cathedral-like mall, with its massive pillars as the subject for this year's Summer Bulletin Cover in an effort to capture the idea of the building. An architectural rendering is printed

above to give the reader a visual concept of the building. Built to accommodate 1,700 during any given class period, the building is located on West Campus, just South of Bishop-Lehr Hall, the college's laboratory school and special education facility. Most of the first level of the classroom building is devoted to a reading center. The heart of the building is the Educational Resource Center and a large number of seminar rooms and study carrels. The lecture complex is comprised of three tiered, pie-shaped classrooms which may be used individually or as one "lecture in the round."

Below: CSC's College Center, in its third year of occupancy, is framed by the wall and flying buttress of the Ross Hall of Science Lecture Complex. These two buildings are located on West Campus, site of the College's emerging building program.

One summer at Colorado State College and you will see why CSC is a favorite among summer school students and families. The unique advantage of study with relaxation and vacation is maintained with a complete academic and extra-curricular program on campus. Community activities and the proximity of the Rocky Mountains provide off-campus recreation.

Visitors to CSC enjoy the abundance of fresh and progressive educational ideas. CSC encompasses more than 85 buildings on four campuses, with 20 academic and residence structures in the planning or construction stages. Enrollment figures average 5,400 for summer quarter students and 7,500 for the regular academic year. The administration and faculty are considered among the most qualified in the nation, averaging 317 full-time equivalent instructors.

With teacher education a primary purpose, CSC has developed progressive programs in the arts and sciences as well as in the applied and professional fields in order to meet current educational demands. The College is accredited in seven degree programs, ranging from the bachelor to the doctorate degrees; including a four-year degree program in nursing.

The entire family may profit from a summer at CSC. Adults will be able to select from more than 800 courses, workshops and seminars offered for graduates or undergraduates. CSC instructors include nationally known guests as well as members of CSC's outstanding faculty. Many course formats include informal discussions, allowing for a cross-communication of ideas.

McKee

Dr. Paul McKee internationally known authority in elementary school reading and English, will be available by appointment to doctoral students for consultation. Appointments can be made in the Department of Elementary Education, McKee Hall 227.

Provisions may be made for the summer education of the youngsters. On campus, morning classes are

scheduled in the Laboratory School (Kindergarten, grades one through six), and in the Special Education School. Although no classes will be conducted in the secondary school on the campus, summer sessions are planned for grades two through twelve in Greeley School District No. 6. Further information concerning these programs may be obtained from Director, Laboratory School, CSC; or Director, Special Education School, CSC 80631. Requested information on the School District No. 6 summer school program will be furnished by Assistant Principal, Greeley Central High School, Greeley, Colorado 80631. ducted by the College may be obtained from the Home Economics Department, CSC 80631.

Among the more prominent facilities at CSC is the library in Carter Hall, which features air-conditioned stacks and forced air cooling throughout for summer comfort. Maintaining more than 274,000 volumes, microfilms and periodicals, the library also offers several copying services.

The Instructional Materials Center, now located in Cranford Hall, has more than 1,960 films, 950 filmstrips, and several hundred recordings. Production services are available, these include artwork, transparency making, slide copies, and tape recording and duplication.

An integral part of the special education program at CSC is the new Rocky Mountain Special Education Instructional Materials Center. This facility is one of 15 such centers in the U.S. which grew out of two applications submitted to the U.S. Office of Education in 1964. The Center's chief function is to provide for acquisition and lending services of special educational instructional materials to educators in a five state area. The states within this area include Montana, Wyoming, Colorado, Utah and New Mexico.

From Around The Nation

Well-known personalities from around the nation will visit the Colorado State College campus this summer to take part in a number of special assemblies and workshops. Headlining the list of scheduled events will be the annual Monday Night Assembly Series with four featured guests, each a recognized authority in his field.

AMERICAN THEATRE . . . Monday, June 17, 1968

The first presentation of the four-week Monday night lecture series will be, "An Evening with John Carradine." One of the most noted character actors in the American theatre, JOHN CARRADINE has been an eminent star on Broadway, in Hollywood films and on the repertory stage throughout the country.

Probably best known for his brilliant Shakespeare repertoire, Mr. Carradine has been seen in such roles as Hamlet, Macbeth, Iago, King Lear and Shylock. He is considered one of the most accomplished exponents of Shakespearean and Elizabethan theater in America, today.

A prolific film actor, he has been featured in more than 300 films since he first went to Hollywood as a scenic designer for Cecil B. DeMille. Mr. Carradine's screen credits include "Around the World in 80 Days," "The Grapes of Wrath," "Stage Coach," "The Ten Commandments," and many notable films.

Mr. Carradine brings to his audiences a rich heritage of American theatre and a talent of the first-rank, fusing the many roles of artist, actor, and creative person into one unique performance.

AMERICAN POLICY . . . Monday, July 1, 1968

"The Policy Makers," a discussion of the current administration and policy decisions on foreign affairs, will be presented by JACK ANDERSON in the second of four summer assemblies. Mr. Anderson has been writing inside Washington news for many years as top reporter for Columnist Drew Pearson. During Pearson's vacations, Anderson has written the Washington Merry-Go-Round column under his own by-line and has substituted for Pearson on his coast-to-coast radio and TV shows. He is also associated with Parade Magazine as their Washington correspondent.

Mr. Anderson is the author of the best-seller, "McCarthy: the Man, the Senator, the Ism," as well as "The Kefauver Story," and "U. S. A. — Second-Class Power?" co-authored with Drew Pearson.

CONSUMER EDUCATION . . . Mon., July 15, 1968

Outspoken lawyer, articulate author of "Unsafe At Any Speed," the book generally credited with inspiring important auto-safety legislation, a graduate of Princeton University and Harvard Law School, RALPH NADER has become the focal point for all discussion affecting traffic safety problems and automobile design. His articles have appeared in **The Atlantic Monthly**, **The New Republic** and many other leading publications.

THE STUDENT SCENE . . . Mon., August 5, 1968

THOMAS C. SORENSEN has been Vice President for University Relations of the University of California since April, 1966.

From 1951 to 1965, Mr. Sorensen was an official of the U.S. Information Agency, which conducts the government's information, cultural and propaganda activities abroad. During his last four years with the Agency, Mr. Sorensen was Deputy Director (Policy and Plans), assisting Directors Edward R. Murrow and Carl Rowan in the management of the worldwide organization which has offices in 111 countries. He traveled widely in 1962 accompanying Presidential Press Secretary Pierre Salinger to Moscow where they had two days of intensive discussions with Premier Khrushchev.

Prior to joining USIA, Mr. Sorensen was a newspaper and radio news editor in Lincoln, Nebraska. He is a Phi Beta Kappa graduate of the University of Nebraska. Mr. Sorensen comes from a family distinguished for its public service: his father was a crusading Attorney General of Nebraska in the 1930's; his brother, Theodore, was a Special Counsel to President Kennedy; another brother, Philip, was recently Lieutenant Governor of Nebraska.

MUS 203 Music Workshop: Contemporary Ideas in Music Education

June 12-July 3 (Three Hours Credit.)

The School of Music will present a workshop in **Contemporary Ideas in Music Education**, (Music 203-7). Three hours credit will be given. Nationally known music educators in conjunction with faculty members of the School of Music will present stimulating ideas in Music Education. Visiting speakers will include:

Charles Leonard, professor of Music Education at the University of Illinois who will speak on "The Meaning and Teaching of Music in Today's Schools."

Bennett Reimer, Chairman of the Music Department, Western Reserve University whose forte is innovations in the school music curriculum.

Robert House, Chairman of Music Education Department, Southern Illinois, whose topic will be "The Relationship Between the General Music program and Instrumental Music."

Emmett Sarig, department of Music Extension, University of Wisconsin, who will bring breadth of knowledge concerning the implication of the Tanglewood Symposium.

Abraham Schwadron, Chairman of Music Department, Rhode Island College, whose study in the field of aesthetics has been widely acclaimed.

Miss Charlotte DuBois, Professor of Music Education, University of Texas, who is an authority on music in the elementary schools.

HPER 200 Workshop in Perceptual Motor Learning

June 17-28 (Three Hours Credit.)

Dr. Bryant J. Cratty, Director of the Perceptual Motor Learning Laboratory at UCLA, will headline a two-week **Workshop in Perceptual-Motor Learning** at Colorado State College this summer. A nationally-recognized expert in his field, Dr. Cratty will be present throughout the workshop.

Cratty

An associate professor of physical education at UCLA, Dr. Cratty has authored seven textbooks, 40 research articles and four research monographs in the National Science Foundation, the National Institute of Neurological Diseases and Blindness, and a private donor's grant.

As director of the UCLA Perceptual-Motor Learning Laboratory, Dr. Cratty administers a program in which eighty neurologically impaired children participate on a weekly basis. In addition, he also serves as consultant to the Joseph P. Kennedy Jr. Foundation, the Research Bureau of the U.S. Department of Education, the Special Education branch of the Los Angeles school system, and the Los Angeles County Mental Retardation Services Board.

SS 221 Cultural Background of Western-Soviet Russian Relations

June 12 - August 13 (Fifteen hours credit in social sciences)

The dual opportunities of study and travel are again available to CSC summer students this year. One study-travel plan with destinations in Europe and Russia will be offered for academic credit.

This course is designed primarily for teachers and students who have not studied European history in college. However, those who have studied European history are eligible to enroll.

Offered in cooperation with the Institute of European Studies, a non-profit education corporation, the study tour presents an opportunity to compare the political, economic, social, artistic and educational life of the West with that of Soviet Russia.

The class meets on campus 31 days for two lessons daily in history, one in art, and one hour of films. Dr. Dean A. Arnold, Professor of History, will be the instructor and program director for the fifth successive year.

Upon completion of on-campus study the class embarks on a 30-day tour of Europe. Cities included are London, Oxford, Paris, Berlin, Leningrad and Moscow. Professors of the London School of Economics, Oxford, the Sorbonne, and Moscow State University, officials of governments and international agencies throughout Europe and the Soviet Union will lecture to the class. There will be special lecture tours of the National Gallery in London, the Tretyakov in Moscow and the Hermitage in Leningrad.

Dr. W. H. Balekjian, lecturer of the University of Vienna, will be tour conductor for the fifth successive year.

Credit hours may be applied toward a formal degree program in either the graduate or undergraduate school with prior approval of the academic adviser.

Tour cost of \$1,250 from Greeley to Greeley includes all transportation, hotels, meals, admission fees, baggage handling, tips and other necessary expenses. Travel to and from Europe will be by Pan American jet. Transportation between cities will be by air. Cost is based on current rates and is subject to change until May 15, 1968. Tuition and living expenses on campus are additional.

Applications must be submitted before April 1, 1968. Please contact Dr. Arnold for additional information.

Admissions Policy

Students applying for admission to Colorado State College for Summer Quarter should complete and return the reply card bound into this bulletin. Students applying for the first time or for the first time since September, 1959, should complete and return the Statistical Information Form also bound into the bulletin. Additional information required as part of application for admission depends upon the status of the student as defined below. Inquiries concerning the graduate program or graduate admissions should be directed to the Dean of the Graduate School. Undergraduates should contact the Director of Admissions for application forms. There are no admission or evaluation fees.

GRADUATE STUDENTS

The College requires that the Graduate Record Examination Aptitude Test (verbal and quantitative) scores accompany the doctoral application. If a student's score is below the minimum acceptable score in the Aptitude Test, he will be denied admission to the doctoral program. Students seeking a graduate degree from Colorado State College may transfer 8 quarter hours toward a Master of Arts or Specialist in Education degree and 12 quarter hours toward either doctoral degree. If the work is acceptable to all four members of the Reading and Examining Committee, a doctoral student may transfer an additional 23 quarter hours of work.

Director of Admissions Gary Miller counsels a new freshman who chose to launch her collegiate career during summer school.

TRANSFER STUDENTS

The College accepts a maximum of 135 quarter hours transfer credit on undergraduate programs. Only 90 hours of the transferred credit may have been granted by junior colleges. All degree-seeking students must submit an official Application for Admission, a transcript of high school studies, two transcripts of previous college work and a health report. Application forms may be obtained by writing to the Director of Admissions.

FRESHMEN

Students who are entering college for the first time should write to the Director of Admissions for information and application forms. To be eligible to apply for admission, students must graduate in the upper one-half of their class or have scores on the American College Test which are at or above national averages. Other minimal admission standards are defined in the general college catalog.

The New skyline of West Campus emerges. In the foreground is Ross Hall of Science; Turner Hall, opened last fall, and Harrison Hall, opened in 1966, loom in the background. There are four additional buildings on West Campus, including McKee Hall of Education.

Registration

Proper registration is the responsibility of the student. Students should read the catalog and know course requirements. Students should register for both regular classes and workshops at the same time. Classes begin June 12, 1968.

1. Registration materials may be obtained early, in the Lower Corridor of Frasier Hall from 8:00 to 12:00, and 1:00 to 4:00, June 5, 6 and 7. After this period, they will be available in Carter Hall on June 10 according to the following schedule:

| CARTER HALL | | Students whose surnames begin with: | |

4. Report to the appropriate departments to obtain class cards. If you have a schedule conflict, a faculty member "trouble shooter" will be available to assist you. If a course is closed for which you are registering, the Second Preference Courses Card will be used to make up a complete schedule. All course requirements or variations (Ex: Variable Credit) must show on the Variable Statistics Card and be initialled by the authorized departmental representative. This is your official study program.

5. Students living in campus housing check at the Housing Station.

6. Proceed to the Fee Assessment - Checking Stations.

7. Veterans on G.I. Bill, scholarship recipients, students on state or federally supported grants or fellowship programs check at Financial Aids Station.

FEE PAYMENT

8. Proceed directly to Frasier Hall for payment of fees. Registration will have been completed when, and not until, tuition and fees are paid. All tuition and fee payments must be completed by 4:00 p.m., June 11, at the Accounting Office, Frasier Hall. Students who complete registration after June 11 will be assessed a late registration fee at the rate of \$5.00 the first day, and \$2.00 each additional day. Tuition and fees are assessed at rates per credit hour quoted in the General Catalog and according to your current residence status.

No registration for 10 week classes will be permitted after 4:00 p.m., June 18, 1968.

WORKSHOPS

Registration for workshops may be completed during regular registration, June 10 or 11, or at the Records Office, Frasier 126, after June 11. Students must register **in person** before the first class session. It is the student's responsibility to learn when his first class meets.

A student may register for a class for no credit by paying appropriate tuition and fees. No audit or visitors cards are issued.

GRADUATION

Graduation will be at 10:00 a.m., Thursday, August 15, in the Garden Theatre. Graduating students are required to participate in graduation exercises. Caps and gowns may be rented from the College Bookstore. No applications for graduation will be accepted after July 15, 1968.

FINAL EXAMINATIONS

Final examinations will be held Wednesday, Thursday and Friday, August 14, 15, 16, according to the published schedule, unless special arrangements are made by the instructor for special examination periods. A student who must be absent any part of the last week of the course or for final examinations makes arrangements with his instructor to receive an Incomplete, if his reasons and previous work warrant this privilege. If arrangements are not made, the student receives an F. Only in extreme emergency (death, illness, jury duty, armed services directives) may an instructor grant an early examination privilege, which requires a fee and a special examination.

Undergraduate Programs

The academic program at Colorado State College is organized into seven schools—School of Arts, School of Arts and Sciences, School of Business, School of Education, School of Health, Physical Education, and Recreation; School of Music, and School of Nursing. There are a total of 53 majors offered: Arts and Sciences, Teaching Professions (Teaching Education), and Applied and Professional Studies. Three undergraduate degrees are available: Bachelor of Arts, Bachelor of Science, and Bachelor of Music.

Thirty majors are offered in the Teaching Professions program by 34 academic departments. Admission to the Teaching Professions program does not guarantee teacher certification; prior to their junior year, students pursuing a teacher profession major must apply for admission in the Advanced Teacher Education Program. If admitted, the student enrolls in a block of advanced teacher education courses including basic concepts of education, educational psychology, student teaching and educational philosophy. Successful completion of the program will result in certification of the prospective teacher to teach in Colorado and many other states in the nation.

Colorado State College also serves as a regional institution in offering a strong program in the Arts and Sciences, Pre-Professional courses, and selected Applied and Professional Studies programs. Sixteen majors are offered in the Arts and Sciences program, while seven majors are available in the Applied and Professional Studies program. Course work is offered in the fields of pre-dentistry, pre-medicine, pre-law and pre-engineering. Undergraduate male students may also participate in the Aerospace Studies program which, if successfully completed, leads to a commission in the U.S. Air Force Reserves.

Minor Programs

In addition to the programs listed above, the college offers a number of programs as minors (27 quarter hours). Most major programs are also offered as minor programs. The program in psychology is offered as a minor only. Please consult the general catalog for specific information.

Summer Quarter Plan

The Summer Quarter plan allows the undergraduate student to attend college on a four-quarter basis. If this plan is followed from the freshman year, the student, through continuous study, may complete his undergraduate requirements for graduation in three years. If academic requirements are met, the student is then eligible to apply for a position and earn an extra year's salary or to work on a master's degree during the fourth year which is normally devoted to undergraduate study.

Summer classes are available for youngsters in K-6 and special education at the Laboratory School (pictured left) and grades 2-12 in the Greeley School District.

The Graduate School, Colorado State College, offers four advanced degree programs leading to the Master of Arts (M.A.), Specialist in Education (Ed.S.), Doctor of Education (Ed.D.) and Doctor of Philosophy (Ph.D.).

Detailed information concerning advanced degrees may be obtained by consulting the 1968-69 Graduate Catalog or by writing to Dr. A. R. Reynolds, Dean of the Graduate School, CSC 80631.

MASTER OF ARTS

The Master of Arts degree may be earned in three consecutive summer quarters of full-time study. The master's degree is awarded upon completion of a minimum of 45 quarter hours of credit. Probationary students are required to complete a 60 quarter hour program. Candidates must be on campus, enrolled as full-time students for two quarters (10 quarter hours per quarter), to satisfy the minimum residence requirement.

SPECIALIST IN EDUCATION

The Specialist in Education degree is a one-year program beyond the master's degree, assuming that the area of specialization is compatible with the undergraduate and Master of Arts major. This program prepares one to be what the name implies — a specialist — and course work generally cuts across school and departmental lines. A student may wish to specialize in areas similar to the following topics: Supervision of Science Instruction, Consultant in School Buildings, Testing in the Elementary School or Guidance in the Elementary School. Programs in Counseling, Educational Administration, School Psychology and Rehabilitation Counseling are partially or fully prescribed in order to meet certification requirements.

DOCTOR OF EDUCATION

A two-year program beyond the master's degree, the Doctor of Education degree requires course work and research of a professional nature. The student selects an area of concentration (major). He may be required by the major adviser or department to take a minimum of 24 quarter hours in one or more supporting area(s) (minor). All candidates are required to spend three consecutive quarters in residence in full-time study. A student must earn a minimum of 72 quarter hours of credit in his concentration and supporting area(s), if any, and pass comprehensive examinations on the area(s). In addition, he must write and defend an acceptable dissertation for which a maximum of 18 quarter hours of credit is granted.

The degree of Doctor of Education is offered in the following areas of concentration: Business Education; Educational Administration; Elementary Education; English; English Education; Health and Physical Education; Industrial Arts Education; Mathematics Education; Mathematics; Music Education; Psychology, Counseling and Guidance; Reading; Science Education (Botany, Chemistry, Physics, Zoology); Curriculum and Instruction: Plan I— Generalist in Curriculum Theory; Curriculum and Instruction: Plan II

Graduate Programs

—Specialization in Content; Social Science; Special Education (Administration, Mental Retardation, Visually Handicapped, Rehabilitation Counseling).

Students may select any one of the above fields for their minor course of study or one of the following: Educational Media; Curriculum; Higher Education; History and Philosophy of Education.

DOCTOR OF PHILOSOPHY

The Doctor of Philosophy degree is a three-year program beyond the baccalaureate. Two specialized programs are available: (1) College Student Personnel Work to prepare candidates for college placement as deans of students and in other related areas; and (2) Educational Measurements and Research designed to prepare candidates for college teaching assignments and/or researchers for curricular areas.

Financial Information

Required tuition and fees are collected at registration under the terms herein below listed. Changes are applicable to each enrollment for partial or full study, for Colorado or non-Colorado residence classification, and for credit or non-credit enrollment.

All assessed charges are due and payable on a designated date of enrollment. No registration is complete until the account so created is paid. A late registration fee is incurred if a student is allowed to enroll on a date other than that fixed for registration.

Fees for added services, individual instruction, independently funded programs and for courses requiring laboratory or field trip expenses will be paid in a manner jointly specified by the instructor and Accounting Office. For programs leading to the Specialist in Education and Doctoral degrees, extra charges are incurred. Consult the General Catalog, 1968-1969 for all itemizations of extra fees and assessments. No graduate phasing fees will be altered or refunded if a registrant fails to pursue his program or for any reason drops out of the course of study into which he has been accepted.

Nearly all scholarships or waivers of tuition issued apply only to the fall, winter and spring quarters. Holders of special scholarships having questions about their prospective awards should inquire about their status to the respective college departments authorized to confirm their award or to the Office of Financial Aids.

Determination of status as a resident or non-resident of Colorado for tuition paying purposes is fixed at registration. C.R.S. 1963-124-18-1-5 and the amended statute through 1966 fix state regulations which apply for all state institutions of higher education in Colorado.

The Trustees of the State Colleges in Colorado, the governing body for Colorado State College reserves the right to alter charges when necessary but will ordinarily do so not later than 30 days prior to the first date for registration for a summer quarter.

Refunds Policy

To be eligible for a refund of any kind under college regulations, the student must present a copy of an approved, formal withdrawal notice to the Accounting Office. Forms may be obtained from the Records Office. Partial refunds for full-quarter classes are granted only for early withdrawals. No refund will be granted for special short-period classes after the first meeting of the class. Please consult the 1968-1969 General Catalog for the specific refund policies of the College.

Summer School students take advantage of one of many huge shade trees on main campus to study while enjoying the famous Colorado weather.

Housing Information

College housing is available in residence halls for single men and women. All accommodations in the residence halls include room and board. The rooms are arranged to accommodate two persons per room.

If the applicant desires to cancel his application in the residence halls or College houses for Summer Quarter accommodations and notifies the Director of Student Housing on or before May 1, \$40.00 will be refunded. On cancellations received from May 1 through June 1, \$25.00 will be refunded. Cancellations received on or after June 2 will provide no refund of deposit. If a student moves into a residence hall, but withdraws before the end of the quarter, he is charged full room rent but board for those days only in which he was in residence. Withdrawal brings a forfeiture of the \$50.00 deposit. If the student remains in attendance and all provisions of the contract have been complied with and no damage charges are assessed, the \$50.00 deposit will be refunded at the end of the Summer Quarter.

The College has a limited amount of housing for married students with one or two children or for couples without children in a residence hall containing housekeeping facilities. Many students find rooms, apartments and houses in Greeley. Room and apartment rental listings are available to any student who desires to call in person at the Housing Office. Arrangements for accommodations with private householders cannot be made by the Housing Office by mail, but must be conducted by the student directly with the landlord. Students and landlords are both advised to have a clear understanding, preferably in writing, as to facilities, prices and intended length of tenancy.

In a Summer Quarter a limited number of College-owned sorority and fraternity houses are available for single women and married couples without children. Houses accommodating single women have two or more students per room and no food service. Houses for married couples without children provide a room for each couple with community lounge and cooking privileges, but no food service.

After School

ALUMNI PICNIC

Sunday, June 16, the Alumni Association of CSC will sponsor its second annual Summer Picnic at Estes Park Municipal Park. Summer students, faculty and alumni from around the nation are invited to attend. Games and activities will be provided for the young people, allowing Mom and Dad to relax for the day. The Association will provide soft drinks and ice cream for everyone.

INTRAMURAL SPORTS

The School of Health, Physical Education and Recreation maintains a spirited intramural sports program during the Summer Quarter. Open to CSC students, the possibilities include softball tournaments with teams usually derived of and named after various states, mixed golf tournaments and bowling leagues.

CONCERTS

Summer Symphonic Band concerts, featuring varied selections will be presented by the School of Music each Tuesday night in the Garden Theatre. Choral and orchestral concerts as well as student and faculty recitals are scheduled throughout the quarter and also are open to the public.

BOOK REVIEWS

For the 44th consecutive year, members of the CSC faculty will present a series of 16 book reviews, ranging from biographies, to novels, to resource books. Review meetings convene at 4:30 p.m. Monday through Thursday for four weeks beginning July 8.

EXHIBITS

A variety of student art exhibits, educational film previews, and textbook exhibits have been scheduled for summer student enjoyment.

GRADUATE DAMES

A social organization for wives of graduate men, Graduate Dames, meets at 1:30 p.m. every Wednesday afternoon beginning June 19. Meetings are held at the College Center for card playing, sewing, refreshments and conversation.

LITTLE THEATRE OF THE ROCKIES

Six outstanding dramatic presentations will be offered this year by the Little Theatre of the Rockies, one of the first college summer theatres in the West. Each of the 1968 dramatic productions will be staged two nights, Thursday and Friday, at 8:00 p.m. Season tickets for the six productions may be purchased after June 1, 1968.

FAMILY FUN NIGHT

Perhaps the most popular all-around Summer Quarter activity is Family Fun Night, sponsored by the School of Health, Physical Education and Recreation each Wednesday night.

From 6:30 to 8:30 p.m., members of the CSC recreation courses supervise a variety of activities for all age groups. Included in the evening's diversions are organized relays and circle games, supervised swimming, indoor sports (badminton, volleyball, etc.) and square dancing for all ages at the College Center from 8:30 to 10:00 p.m.

GRADUATE WOMEN'S CLUB

The Graduate Women's Club is open to all women enrolled on campus who have graduated from an accredited college. The organization is active only during the Summer Session. There are no dues. Luncheon meetings are held weekly in the Student Center with programs of interest provided for each meeting. Dr. Betty Lowry serves as sponsor.

GREELEY

Besides campus activities, students are urged to take full advantage of the complete community activities program in Greeley. Facilities include a Community Building, eight city parks, two golf courses, two museums, not to mention movie theaters and numerous restaurants for the pleasure of CSC students and their families.

Greeley is a city of approximately 35,000 people, located at the junction of U.S. Highways 34 and 85. Ideally situated, Greeley lies just fifty miles north of Denver, south of Cheyenne, Wyoming, and east of Estes Park, Gateway to the Rocky Mountain National Park.

COLORADO

A popular weekend recreation for CSC summer students and their families are "Circle Trips," two-day automobile excursions from Greeley to various parts of Colorado and back. Ranging in distance from 100 to 250 miles, popular circle trips include ventures to Central City, the ghost mining town that vividly recalls the era of the Old West; the Cache la Poudre Canyon and Red Feather Lake area; Rocky Mountain National Park, featuring more than 84 named peaks at elevations of more than 11,000 feet and the breath-taking views from Trail Ridge Road; Red Rocks Theater; Denver, capital of the State of Colorado; Colorado Springs, the site of the Garden of the Gods and the Air Force Academy; the Royal Gorge; and Grand Lake. More ambitious circle trips may include Mesa Verde, with its rich Pueblo Indian history and relics, or portions of the Western Slope of the Rocky Mountains.

The magnificence of the Rocky Mountain National Park and Trailridge Road await the adventuresome summer student.

A Friendly Reminder

All classes offered during the Summer Quarter are listed in the master schedule of Classes located on pages 14 through 34. As an added convenience, all special courses (those offered for less than 10 weeks or those involving off-campus facilities) have been listed again on page 11 and 12. They are listed in the same order that they appear in the master Schedule of Classes. Three special courses are highlighted in more detail on page 3.

For detailed information concerning course design or content, please correspond directly with the faculty member whose name is listed with the course in the master schedule of classes.

A few courses may be added from the time this bulletin is printed and Registration Day. Information on these courses will be available during registration.

Please observe that complete information concerning registration procedures are found on page 5. No further instructions will be distributed, so be sure to bring this bulletin to Greeley with you.

Note also, that registration materials may be obtained in advance of the June 10 and 11 registration dates. For additional information, please refer to page 5.

We extend to you a hearty invitation to join us for a pleasant summer of study.

CSC's new College Center, opened Fall Quarter, 1965, offers students of all ages a variety of services and conveniences. Included are reading and music listening rooms, a comprehensive bookstore, bowling and other recreational facilities, food services, meeting rooms, and the spectacular Panorama Lounge.

Summer School '68 will necessitate good study habits, but there will also be sufficient time for enjoying the numerous opportunities for recreation on campus, in Greeley and in the nearby Rocky Mountains. For instance, the nationally famous Little Theatre of the Rockies has again scheduled five theatrical productions along with "The Barber of Seville" by Rossini, by the Performing Arts Guild. Just 50 miles away is the front range of the Rockies and the fabulous Rocky Mountain National Park.
